Clorox Ultra Clean Cool Mist Humidifier with UV LED Light

When it counts, trust Clorox

The Clorox Ultra Clean Cool Mist Humidifier with UV LED Light provides a cleaner, hassle-free humidifier experience. Harnessing the power of advanced UV technology, this humidifier reduces germs to stay cleaner, longer and significantly cuts down on the cleaning and maintenance required with traditional humidifiers*.

Convenient Tank, Filter Free Design

The 4-liter (1 gallon) top-fill tank has a large opening that makes it quick and easy to fill in the sink and convenient to clean. The filter free design means one less thing to clean or replace.

Customizable Mist, Scent and Light

Precisely direct the mist with the innovative 360° directional mist output. Choose from 3 mist levels to humidify dry air. Enjoy up to 40 hours of continuous humidification on the lowest setting. Use the included aromatherapy tray to add essential oil and choose from 7 colors for the optional nightlight.

Maintain Humidity Automatically

Select your preferred humidity level, set the mist output and walk away. The humidifier will cycle on and off throughout the day to maintain the ideal level of 45% to 55% humidity.

Whisper Quiet for Bedtime

The sleep mode is no louder than a whisper at <30 dB and is great for nurseries, children's room, light sleepers or anywhere quiet is needed. Sleep mode turns off the humidifier's lights with a 1-12 hour timer.
